

Whitewater Lake's Water Quality Improvement Initiatives

LAKE MANAGEMENT:

Whitewater-Rice Lakes Management Plan (SEWRPC)--Lake Management Plan for Whitewater and Rice Lakes, which is implemented by the **Whitewater-Rice Lake Management District**

Annual Whitewater-Rice Lake Management District Community Meeting—Summary presentation of Lake District's accomplishments, goals and community approval of proposed budget. **Whitewater-Rice Lake Management District**

Aquatic Weed Harvesting, **Whitewater-Rice Lake Management District**

Goose Harvest **Whitewater-Rice Lake Management District, DNR, USDA**

Preserving Chara (muskgrass) in Whitewater Lake, **Whitewater-Rice Lake Management District**

Walleye Habitat to help control carp

WATERSHED AWARENESS:

Welcome to Whitewater Lake Packets--lakefront landscaping educational materials combined with other useful lake resources such as boating regulations for new lakefront property owners. **Whitewater-Rice Lake Management District**

Leaves and grass clippings -- Promotional awareness: warning residents to not pollute the lake with leaves and grass clippings. **Whitewater-Rice Lake Management District, Greater Whitewater Lake Property Owner's Association**

WI-DNR Healthy Lakes Grants--best practice projects for lakefront properties, **WI-DNR, Whitewater-Rice Lake Management District (sponsor), Greater Whitewater Lake Property Owners Association**

Promotion of volunteer workdays at Whitewater Lakes' two watershed public parklands: Kettle Moraine State Forest-SU (including the nearby State Natural Areas) which is managed by **WI-DNR**, and Natureland County Park which is managed by **Walworth County and Kettle Moraine Land Trust**.

Postings on Whitewater Lake Facebook Page--to support better understanding of wildlife habitat, natural scenic beauty and water quality on our lakes. **Whitewater-Rice Lake Management District**

Whitewater-Rice Lakes Newsletter—Articles to support better understanding of wildlife habitat, natural scenic beauty and water quality. **Whitewater-Rice Lake Management District**

Phosphorous Reduction mailer—Promotional mailer sent to Lake District residents listing ways to reduce phosphorus and other pollutant runoff from our watershed. **Whitewater-Rice Lake Management District and Geneva Lake Conservancy**

2010 Phosphorus Ban in Wisconsin—calling attention to the Ban to educate lakefront property owners about legacy phosphorus in our landscapes and water bodies. And to warn about potentially new sources of phosphorus, which may continue to add to phosphorus to our watershed and lake. **Whitewater-Rice Lake Management District**
